

MONTEREY  
2005

DISCOVER THE 2005 MERCURY MONTEREY. Powered by the largest engine in a minivan, Monterey features a standard 4.2L V-6 that supplies best-in-class torque – giving you the authority and confidence to accelerate, pass and climb hills with ease. You'll find lots of unexpected touches like the distinctly modern flair of satin-aluminum-finish accents inside and out. You'll also find the versatility you expect with flexible seating and available dual power-sliding doors and power liftgate. Nothing is sacrificed in Monterey.

Above: Monterey Premier's leather-trimmed seats with Preferred Suede® perforated inserts (1st and 2nd rows, shown in Charcoal/Dove). Shown on cover: Monterey Premier in Black with standard Forward and Reverse Sensing Systems.

**3rd-Row Tailgate Bench Seat** Standard on every Monterey, the 3rd-row seat\* converts to a rear-facing Tailgate Bench Seat™ for sporting events or fireworks displays, and folds flat into the floor when not in use. When the seat is in its forward position, you can use the recessed storage well to stow extra cargo. It also includes adjustable head restraints and 3-point safety belts for all 3 seating positions.

\*3rd-row Tailgate Bench Seat should be changed and used only when vehicle is stopped and in Park. Rear-facing 3rd-row seat is not intended for passenger seating while vehicle is in motion.

**Heated and Cooled Front Seats** Monterey Premier features a 6-way power driver's seat with adjustable lumbar and memory, and a 6-way power front-passenger seat, also with adjustable lumbar. And, to top it all off, they can each be heated or cooled at the touch of a button.

**Rear-Seat DVD Entertainment System** Mounted in the ceiling, this flip-down 7" color LCD screen is large enough to give even 3rd-row guests a great view. Available on Luxury and Premier, the system also includes 2 sets of wireless headphones and an infrared remote.

**Forward and Reverse Sensing Systems** Standard on every Monterey, these smart systems take the worry out of parking. They audibly alert you to objects in front of and behind the vehicle, beeping faster as you get closer.

**Safety Canopy™ System** Standard on Luxury and Premier, this system features side-curtain airbags,\*\* 1st-row side-impact airbags and a class-exclusive rollover sensor. In certain types of side-impact events, side-curtain airbags deploy from the headliner for all 3 rows and stay inflated longer, providing supplemental head protection for outboard passengers.

\*\*Always wear your safety belt and secure children in the rear seat.

**CONVENIENCE**

**POWERTRAIN/FUNCTIONALITY**

- 4.2L OHV V-6 engine
- 100,000-mile tune-up interval\*
- Front-wheel drive
