

06 MERCURY GRAND MARQUIS

MERCURY | NEW DOORS OPENED

## An absolute classic.

Grand Marquis has defined the experience for decades: V-8 power, responsive rear-wheel-drive handling and expansive room combine to produce the essential expression of American road travel. For a trip across town or a cross-country odyssey, Grand Marquis is remarkably suited for the journey. You and your passengers are treated to a cabin that's rich in design, and has more room than any other car in its class.

When there's room for 6 inside, it follows that their luggage should come with them. That's why Grand Marquis has the largest trunk in its class. 20.6 cu. ft. of space to be exact. This trunk swallows an impressive amount of cargo – a very nice feature on a trip to the home improvement store.

The only standard V-8 in its class puts you in command of 224 hp and 275 lb.-ft. of torque plus a 4-speed electronic automatic transmission with overdrive. This powertrain delivers crisp acceleration, quick passing and quiet performance, all without breaking a sweat.

A sophisticated suspension system plus variable-assist power rack-and-pinion steering put you in confident command. The standard 4-wheel disc Anti-lock Brake System helps you maintain control under hard braking.

Spirited performance, traditional luxury and exceptional value: discover them all in Mercury Grand Marquis.

LAMINATED SIDE-WINDOW GLASS

BEST-IN-CLASS TRUNK SPACE

POWER DRIVER'S SEAT

POWER MOONROOF

POWER-ADJUSTABLE PEDALS

The wonderfully flexible Grand Marquis allows you to be utterly practical, or to choose elegant luxuries. Standard woodgrain appliqué set the tone, while options from premium leather-trimmed seating to a breezy power moonroof let you create your own ambience. The standard 8-way power driver's seat includes a power lumbar feature for additional back support. Innovative power-adjustable brake and accelerator pedals can move up to 2" forward or back, standard on GS Convenience and the LS series. A range of audio systems accommodate your tastes in music as well as audio formats. All can play CDs with high-definition digital fidelity. (See specifications for system availabilities.) For the ultimate in Grand Marquis luxury, choose the Limited-Edition Package. After all, it's no more than you deserve.

**World-class comfort, world-class safety.** With class-leading interior space, 6 people can travel in total comfort, while thoughtful design and functional features add to your driving pleasure. That pleasure is further enhanced by peace of mind. Year after year, after year – Grand Marquis has received the government’s highest frontal crash test rating (1996-2005). In addition, when equipped with available front-seat side airbags,\* Grand Marquis is the only vehicle in its class to receive 5 Stars, the government’s highest crash test rating, in 5 categories – an achievement it has garnered 2 years in a row (2004-2005). This exceptional record is built on a solid structure and innovative safety systems. Front and rear crumple zones plus steel beams in the doors absorb impact forces and help reduce cabin intrusion in certain impacts, while the standard Personal Safety System® provides optimum protection for the driver and the right-front passenger. Grand Marquis brings you some of the most advanced, reliable, and effective safety and security technologies on the road. They’re always on guard, quietly providing convenience and protection for you and your passengers at every turn.

\*Not available on Grand Marquis GS or GS Convenience.
